Bar Tops

Elevator Cab Walls

Empeller Quartz Surfaces is an extremely versatile Product, and as you will see there are many different application for the product. Whether kitchen or Bathroom, Domestic or Commercial, the possibilities are endless

*Not Recommended For Outdoor Use

Main Advantages

Minimal water absorption

Uses: Worktops, vanity tops, floors, walls and high pedestrian transit areas (stores, shopping centers, museums...)

Dimensional stability that reduces wastage during installation.

Standardized thicknesses: Tile format 10mm, 12mm and slab format 15mm, 18mm, 20mm, 30mm

Maximum durability

Maximum impact and flexural resistance

Resistant to acids, oils, liquids...

High abrasion resistance

Low cost maintenance and easy cleaning

Other Qualities

- Available in a variety of colors
- Durable, long-lasting material
- Smooth, non-porous surface
- Easy to clean and maintain, absence of creaks or crevices prevent bacteria and mold from accumulating
- Homogenous composition allows for even distribution of color throughout material
- UV light resistant
